BGI COMPANY OVERVIEW

BGI, LLC is an innovative small business that provides government and industry customers with expert-based services and products that enhance capability and profitability in programs related to aviation training. Headquartered in Akron, Ohio 44311, BGI has a strong military heritage and brings together engineers, operational analysts and instructor-experienced aircrews from a variety of backgrounds. BGI has built a successful team by seeking out, hiring and cultivating men and women of integrity. Our team is composed of the “best of the best” aviators from across the joint services along with people from a wide variety of other endeavors. Every member of the team is an expert in his or her field, has outstanding communication and interpersonal skills, and has the ability to apply those skills effectively in service to our customers. We are seeking individuals to join our team that encompass those same unique qualities.

POSITION SUMMARY

BGI has regular part-time employment opportunities for Naval Flight Officer Operational Analysts with EP-3, P-8A, or E-6B aviation experience in support of the design, fabrication, installation, and test of the CNATRA Undergraduate Military Flight Officer Multi-Crew Simulator (MCS), to be located at the Naval Air Station Pensacola, Florida. The MCS will be used by the Navy to provide student flight officers with the knowledge and skills required to function in a joint, network-centric warfare environment.

Job Requirements: Interested candidates must be current or have recent, relevant experience in their platform, and be either separated or retired from military service, or be serving no more than part-time in the Guard or Reserve. Operational Analysts will be participating in system requirements decomposition efforts, requirement reviews, product technical assessments, acceptance test procedures, and site installation activities.
