Job Title: Simulation Tactical Environment Operational Analyst (SME)

Status: Full Time Position

Work Location: NAS Patuxent River, MD

Relocation: Assistance Available

Salary: Negotiable

Reference: 07G001-JP1

### **BGI COMPANY OVERVIEW**

BGI, LLC is an innovative small business that provides government and industry customers with expert-based services and products that enhance capability and profitability in programs related to aviation training. Headquartered in Fort Worth, BGI has a strong military heritage and brings together engineers, operational analysts and instructor-experienced aircrews from a variety of backgrounds. BGI has built a successful team by seeking out, hiring and cultivating men and women of integrity. Our team is composed of the “best of the best” aviators from across the joint services; along with people from a wide variety of other endeavors. Every member of the team is an expert in his or her field, has outstanding communication and interpersonal skills, and has the ability to apply those skills effectively in service to our customers. We are seeking individuals to join our team that encompass those same unique qualities.

### **POSITION SUMMARY**

BGI is seeking a motivated individual with background in tactical aviation or electronic warfare to support ongoing technical activities for an advanced synthetic training environment product at NAS Patuxent River, MD.

Work will include assisting the engineering team with requirements, model development, user interface design, product integration and test of current and future threat environment modeling for Aircrew Flight Training Devices. The individual will be responsible for providing subject matter expertise while acting as a liaison with customer representatives to ensure requirements are satisfied. A general understanding of systems engineering processes is required.

Occasional travel to customer sites is required, as is meeting attendance for technical reviews with industry partners. BGI operational analysts serve as the customer's direct interface with the end users; therefore, presentations and product demonstrations with high-level customers is required. Potential for travel to industry trade shows is a possibility.

Desired backgrounds for this effort include prior military experience in Navy, Air Force, or Marine tactical aircraft such as F/A-18, F-16, B-52, B-1, EA-6B, F-15E, or EA-18G. Unique qualifications such as USAF/USN Weapons Instructor Course, tactics instructors, test pilots and aviators/ operators with other specialized qualifications and backgrounds are desired. Electronic Warfare background is a plus.

#### Qualifications:

- Previous experience as pilot or aircrew in F/A-18, F-16, B-52, B-1, EA-6B, F-15E, or EA-18G aircraft
- Ability to work full-time in the NAS Patuxent River, MD area (part-time military reserve work acceptable)
- Current SECRET security clearance

### **BGI – Equal Employment Opportunity**

Equal Employment Opportunity has been, and will continue to be, a fundamental principle at BGI where employment is based on personal capabilities and qualifications without discrimination because of race, color, religion, sex, age, national origin, disability, or any other protected characteristic as established by law.
